PATENT LICENSE AGREEMENT AGR-0036

SYNTHETIC DOCUMENT. GoNoGo generated this agreement for evaluation. It is not a real NASA license.

This Patent License Agreement ("Agreement") is entered into on May 24, 2020 by the National Aeronautics and Space Administration ("NASA"), an agency of the United States, and Jade Harbor Electronics Co., Ltd. ("Licensee"), having its principal place of business at 88 Keyuan Road, Shenzhen 518057.

Article 1. Grant. Subject to the terms of this Agreement, NASA grants Licensee a partially exclusive license under the Licensed Patents to make, use, and sell Licensed Products within the Field of Use and the Licensed Territory. The Licensed Patents are NASA Case No. LAR-17769-1; NASA Case No. LAR-17769-2; U.S. Patent No. 10,259,077 (NASA Case No. not stated).

Article 2. Field of Use. The Field of Use is limited to for performing laser ablation, on the surface of surgical implants, to enhance specific patterns and to avoid bacteria growth, and/or similar field(s) of use thereto.

Article 3. Licensed Territory. The Licensed Territory is United States (ISO 3166 code US).

Article 4. Term. This Agreement takes effect on May 29, 2020 and remains in force until May 27, 2030, unless terminated earlier under its terms.

Article 5. Royalties. Licensee shall pay NASA a running royalty of 2.4 percent of Net Sales and a minimum annual royalty of 10,000 U.S. dollars. This Article is confidential.

Article 6. Sublicensing. Licensee may not grant sublicenses under this Agreement.

Article 7. Export Control. Licensee shall comply with all United States export control laws and regulations that apply to the Licensed Products and related technical data.

Article 8. Signatures. Signed for NASA by the Licensing Officer, NASA Langley Research Center, and for Licensee by its authorized officer.
