PATENT LICENSE AGREEMENT AGR-0037

SYNTHETIC DOCUMENT. GoNoGo generated this agreement for evaluation. It is not a real NASA license.

This Patent License Agreement ("Agreement") is entered into on May 26, 2020 by the National Aeronautics and Space Administration ("NASA"), an agency of the United States, and Red Water Environmental ("Licensee"), having its principal place of business at 300 River Road, Baton Rouge, LA 70802.

Article 1. Grant. Subject to the terms of this Agreement, NASA grants Licensee an exclusive license under the Licensed Patents to make, use, and sell Licensed Products within the Field of Use and the Licensed Territory. The Licensed Patents are U.S. Patent No. 7,582,147 (NASA Case No. KSC-12631).

Article 2. Field of Use. The Field of Use is limited to coatings.

Article 3. Licensed Territory. The Licensed Territory is United States (ISO 3166 code US).

Article 4. Term. This Agreement takes effect on May 31, 2020 and remains in force until May 29, 2030, unless terminated earlier under its terms.

Article 5. Royalties. Licensee shall pay NASA a running royalty of 3.9 percent of Net Sales and a minimum annual royalty of 15,000 U.S. dollars. This Article is confidential.

Article 6. Sublicensing. Licensee may grant sublicenses within the Field of Use with the prior written consent of NASA.

Article 7. Export Control. Licensee shall comply with all United States export control laws and regulations that apply to the Licensed Products and related technical data.

Article 8. Signatures. Signed for NASA by the Licensing Officer, NASA Kennedy Space Center, and for Licensee by its authorized officer.
