PATENT LICENSE AGREEMENT AGR-0066

SYNTHETIC DOCUMENT. GoNoGo generated this agreement for evaluation. It is not a real NASA license.

This Patent License Agreement ("Agreement") is entered into on November 24, 2023 by the National Aeronautics and Space Administration ("NASA"), an agency of the United States, and Kestrel Power-Storage Co ("Licensee"), having its principal place of business at 940 Cedar Avenue, Austin, TX 78702.

Article 1. Grant. Subject to the terms of this Agreement, NASA grants Licensee a non-exclusive license under the Licensed Patents to make, use, and sell Licensed Products within the Field of Use and the Licensed Territory. The Licensed Patents are U.S. Patent No. 5,710,377 (NASA Case No. KSC-11751).

Article 2. Field of Use. The Field of Use is limited to sensors.

Article 3. Licensed Territory. The Licensed Territory is North America.

Article 4. Term. This Agreement takes effect on December 1, 2023 and remains in force until November 28, 2033, unless terminated earlier under its terms.

Article 5. Royalties. Licensee shall pay NASA a running royalty of 5.1 percent of Net Sales and a minimum annual royalty of 50,000 U.S. dollars. This Article is confidential.

Article 6. Sublicensing. Licensee may not grant sublicenses under this Agreement.

Article 7. Export Control. Licensee shall comply with all United States export control laws and regulations that apply to the Licensed Products and related technical data.

Article 8. Signatures. Signed for NASA by the Licensing Officer, NASA Kennedy Space Center, and for Licensee by its authorized officer.
