PATENT LICENSE AGREEMENT AGR-0073

SYNTHETIC DOCUMENT. GoNoGo generated this agreement for evaluation. It is not a real NASA license.

This Patent License Agreement ("Agreement") is entered into on September 24, 2024 by the National Aeronautics and Space Administration ("NASA"), an agency of the United States, and Halcyon Sensorics ("Licensee"), having its principal place of business at Lindenstrasse 14, 70173 Stuttgart.

Article 1. Grant. Subject to the terms of this Agreement, NASA grants Licensee a co-exclusive license under the Licensed Patents to make, use, and sell Licensed Products within the Field of Use and the Licensed Territory. The Licensed Patents are U.S. Patent No. 11,063,198 (NASA Case No. not stated).

Article 2. Field of Use. The Field of Use is limited to power generation and storage.

Article 3. Licensed Territory. The Licensed Territory is Worldwide.

Article 4. Term. This Agreement takes effect on October 1, 2024 and remains in force until September 29, 2034, unless terminated earlier under its terms.

Article 5. Royalties. Licensee shall pay NASA a running royalty of 2.3 percent of Net Sales and a minimum annual royalty of 5,000 U.S. dollars. This Article is confidential.

Article 6. Sublicensing. Licensee may not grant sublicenses under this Agreement.

Article 7. Co-Exclusive Licensees. NASA may grant co-exclusive licenses in the Field of Use and Licensed Territory to no more than 2 licensees in total, including Licensee.

Article 8. Export Control. Licensee shall comply with all United States export control laws and regulations that apply to the Licensed Products and related technical data.

Article 9. Signatures. Signed for NASA by the Licensing Officer, NASA Langley Research Center, and for Licensee by its authorized officer.
