PATENT LICENSE AGREEMENT AGR-0088

SYNTHETIC DOCUMENT. GoNoGo generated this agreement for evaluation. It is not a real NASA license.

This Patent License Agreement ("Agreement") is entered into on March 25, 2025 by the National Aeronautics and Space Administration ("NASA"), an agency of the United States, and Albion Coatings plc ("Licensee"), having its principal place of business at 9 Canal Wharf, Leeds LS11 5PS.

Article 1. Grant. Subject to the terms of this Agreement, NASA grants Licensee a co-exclusive license under the Licensed Patents to make, use, and sell Licensed Products within the Field of Use and the Licensed Territory. The Licensed Patents are U.S. Patent No. 7,255,004 (NASA Case No. LAR-17155-1).

Article 2. Field of Use. The Field of Use is limited to wiring and insulation.

Article 3. Licensed Territory. The Licensed Territory is United States (ISO 3166 code US).

Article 4. Term. This Agreement takes effect on April 1, 2025 and remains in force until March 30, 2035, unless terminated earlier under its terms.

Article 5. Royalties. Licensee shall pay NASA a running royalty of 6.0 percent of Net Sales and a minimum annual royalty of 5,000 U.S. dollars. This Article is confidential.

Article 6. Sublicensing. Licensee may grant sublicenses within the Field of Use with the prior written consent of NASA.

Article 7. Co-Exclusive Licensees. NASA may grant co-exclusive licenses in the Field of Use and Licensed Territory to no more than 2 licensees in total, including Licensee.

Article 8. Export Control. Licensee shall comply with all United States export control laws and regulations that apply to the Licensed Products and related technical data.

Article 9. Signatures. Signed for NASA by the Licensing Officer, NASA Langley Research Center, and for Licensee by its authorized officer.
